MAY DAY FESTIVAL PLANS FORMULATED WEDNESDAY NIGHT

Big Time Slated --- Parades, Games, Entertainment

Music, dancing, horse shows, formation drills and all the features of carnival gaiety are in store for residents of Daly City at the annual May Day Festival now being planned by the Recreation Department.

At a special meeting Wednesday night of the festival planning committee, directors of the huge city-wide affair layed tentative plans for a full afternoon of contests and entertainment — a show which is expected to attract the whole city out to the high school grounds in a massive demonstration of public spirit.

Festival Chairman George Wheeler, Recreation Director Elman Rose, and other members of the committee are contacting all local civic, fraternal and service organizations, inviting them to participate in the festivities. Local merchants, as well, will be invited to enter floats in the mile-long parade. Schools and youth groups will play large parts in the event.

The tentative parade plan drafted last night calls for bands, drum corps, drill teams, marching units and floats. The parade will be led by the widely celebrated Daly City Band, followed by the Sheriff's Posse on horseback. Boy Scouts, Sea Scouts, Cubs and Brownies will march in full dress, displaying their colors. A few choice parade units will be invited from outside communities to join the formation.

Highlight of the afternoon of contests and entertainment will be the crowning of a May Queen. The royal figure will be chosen from among five entries from the five local elementary schools; the age limit, six to eight years.

Concessions on the high school grounds will be managed by assembled groups of Parent Teacher Association volunteers. Boy Scouts and Sea Scouts will cooperate to maintain orderly seating in the grandstands.

Route of the parade, as tentatively planned last night, will take the formation through most of Daly City in a central line. Forming on Huron and Templeton streets, the units will fall in at Mission street and march along the thoroughfare, past the high school, to W. Moltke street; then over W. Moltke to Bruno avenue, and in the Bruno avenue entrance to the school yard; then across the grounds to fall out on the football field, where the program will commence.

Representatives from all organizations and businesses intending to participate have been asked to assemble in the city hall at 8 p. m. next Tuesday night, March 2, for a general festival meeting. Application for entry may be made at that time, or by notifying Elman Rose or George Wheeler.

S.F. Woman To Answer Assault Charge Here

Audrey Campbell, 6340 Geary boulevard, San Francisco, was released on $50 bail Tuesday to appear before Municipal Judge William J. Sweeney on charges of assault and battery.

Complaint against Mrs. Campbell was signed by Nanda Wilson and Lena Serini of Daly City.

Seven Arrested In Investigation Of Gambling Hangout

Seven men were booked, by sheriff's deputies, in the Daly City jail Sunday after a day-long surveillance of an alleged gambling den by the San Mateo County sheriff's office.

The men were Loy Woo, 38; Delvia Lee, 35; King Mong, 25; Ow Lee, 75; Mar Lun, 41; Jimmie Woo, 45, all of San Francisco, and Chin Bing, 31, of Oakland. All were booked on vagrancy charges, and subsequently released on $25 bail each, set by Justice of the Peace John J. Fahey.

Arrests were made at the scene of the alleged gambling den, about ¼ mile off Geneva avenue, in South San Francisco, as the men attempted to enter the structure. A night watch on the building revealed no callers.

The sheriff's office announced it would continue a watch of the area.

New Manager For Jack Anderson 1948 Campaign

Congressman Jack Z. Anderson, representative for this district, this week named Arthur C. Carmichael, San Jose business man, as manager for his 1948 campaign.

Carmichael is well known in the Eighth Congressional District and has been active in Anderson's campaigns since the Congressman was first elected in 1938.

The new campaign manager announced that the campaign is already underway. Committees in the various sections of the district are now formulating their plans for campaign activities, he said.

Man To Face Drunk Driving Charge

Karl Edward Sundquist, 353 Holloway avenue, San Francisco, was released on $125 bail Sunday to appear in municipal court Friday on a charge of drunk driving.

Sundquist was arrested by Officers Linhares and Heim for allegedly driving "eratically and recklessly" on San Jose avenue while under the influence of liquor.

DONKEY BASKETBALL AT JEFF HIGH GYM

Lions Club and Jefferson High School faculty members entertained a thousand spectators with their antics recently in an hilarious donkey basketball tilt in the high school gym. Left to right, Arnold Panella, Bill Degliantoni, Coach South, Alex Jama and Gil O'Shaughnessy.

MAYOR PROCLAIMS MARCH 1-15 AS RED CROSS AID DAYS HERE

Mayor Melford D. Battye, in view of the forthcoming drive to replenish the funds of the American Red Cross, today issued a proclamation designating the two weeks beginning March 1 and ending March 15 as the time for Daly City residents to make contributions.

The document:

PROCLAMATION

WHEREAS, the Red Cross is an organization devoted to the welfare, aid and betterment of the community and its citizens; and

WHEREAS, the Red Cross is ever at hand to assist all in time of crisis and disaster; and

WHEREAS, the Red Cross is about to commence its annual campaign for funds needed to carry on its multifarious activities,

NOW THEREFORE, I, Melford D. Battye, Mayor of the City of Daly City do proclaim **March 1 to March 15** Red Cross weeks and urge all citizens to contribute to this most worthy project to the limit of their ability.

In Witness Whereof I have hereunto set my hand and official Seal of the City of Daly City, this 24th day of February, 1948.

(SEAL)

MELFORD D. BATTYE,
Mayor of the City of Daly City.

Local Eagles Form Women's Auxiliary

Wives, mothers, sisters and daughters of Eagles in this vicinity have been invited to attend a meeting at the Eagles building, 3344 San Jose avenue, Friday night, February 27, to become charter members of a new Eagles Auxiliary.

The women's group is being organized by a committee of Colma Vista Grande Aerie members, in answer to many requests by Eagles' relatives.

Refreshments will be served by the auxiliary committee.

Many New Books At Public Library

A number of interesting books for adult readers have been acquired by the Daly City library. This list of suggested reading was released this week by Marcie Trier, librarian:

Stars in My Crown, by Joe Brown; Purple Plain, H. E. Bates; Immortal Helen, E. Corbett; Transfer Point, K. Forbes; Vespers in Vienna, B. Marshall; Eagle in the Sky, F. van Wyck Mason; Sonora Sketchbook, by John Hilton; The War as I Knew It, George S. Patton; Home Country, Ernie Pyle; Information Please Almanac, 1948, J. Kiernan; Who's Who, 1947; World Almanac, 1948.

Royal Neighbors To Launch Drive For Membership

Vista Grande Camp, Royal Neighbors of America, was host to San Francisco, Fidelity, Enright and Mission Camps February 20 at a membership drive launching at Little Italy Hall.

The hall was decorated as a ship, with the theme carried out in place cards, favors, and table decorations. Each guest received a lei of colorful crepe paper.

District Deputy Alice Dittier gave a pep talk to arouse enthusiasm for securing new members. The oracle from each camp also spoke briefly. Each camp will be divided into two parts, with a captain and a purser in charge, thus putting the drive on a competitive basis.

After the business meeting, the remainder of the evening was spent in an enjoyable social gathering.

SEEK UNIFORM TRAFFIC FINES IN S.M. COUNTY

With a view toward standardizing traffic fines levied against traffic law violators, the San Mateo County Traffic Safety Commission plans to call a meeting of the county's municipal and justice court judges at an early date.

This was announced by Mrs. Hayes, executive secretary of the commission following a recent commission meeting at Redwood City at which the joint session of the judges and Traffic Safety Commissioners was talked up.

Drought Area Misses San Mateo, S.F. Counties

A water crisis affecting more than two-thirds of California will not include San Francisco or San Mateo counties this year, according to Nelson Eckart, general manager of the San Francisco water department.

Eckart, speaking before an assembly of the Peninsula Division of the League of California Cities last week at Palo Alto, disclosed that "there is plenty of water this year to take care of requirements in San Francisco and the Peninsula, even if there is no rain."

According to Eckart, Governor Warren's proclamation designating most of the state as a drought area did not include San Mateo and San Francisco counties, although the area may be extended if weather conditions warrant.

"If there is no more rain next year than this, however," Eckart continued, "San Francisco will have to come to the aid of this county."

Reason for his assurance, the speaker stated, is the adequate supply furnished by the Tuolumne Dam, coupled with the new Hetch-Hetchy pipe-line across the San Joaquin Valley now being installed.

Three $50 Fines Are Paid Friday In Municipal Court

Two persons were found guilty on charges of disturbing the peace and one was convicted of drunkenness in and about an auto during municipal court session last Friday.

Judge William J. Sweeney levied fines of $50 each on Earl Zieske, San Francisco, and Pat Harrison, 233 Los Banos avenue, on conviction of charges brought by Sergeant Roland Petracchi of the Daly City Police Department.

Gary Campagna, of San Francisco, paid a $50 fine for drunkenness in and about an auto and driving with defective brakes. Complaint was signed by Patrolman Henry Sundermann jr.

D.C. Club Breaks Winning Streak; Loses To Mantecas

The long chain of victories won by the Daly City Ball Club was broken last Sunday when the local nine bowed to a stronger Moffat Manteca, 13-8, at San Mateo.

Both teams went on a hitting spree, with D.C. chalking up 14 hits to Manteca's 15. Batting honors went to Garner, three for four.

Seven runs were scored in the first of the third, when Lefty Hazel was replaced by Frank Cirimeli, who allowed six runs in seven innings. Pezzola and Garner collected doubles with two men on. In the seventh, Cirimeli came up with a triple to score two ahead of him, and then stole home.

This Sunday's game, against Corbett's Corner, will be played at 2 p. m. on Marchbank field.

Last Sunday night, the boys were feted by Vince Merlo and Fred Frederighi, proprietors of Gelsi's Tavern, with a stag banquet in honor of their newly won championship.

Presentation of trophies awarded them by Eddie White, club manager, is tentatively set for Sunday at the Daly City Theatre. Edward J. Dennis, councilman, will make the presentations.

Correction

The Record wishes to correct an erroneous statement in last week's edition regarding damage to gasoline pumps at Frank Rehe's service station. The three pumps were not torn up, as was reported. Vandals jammed one, apparently with a metal bar, and attempted to jam the other two.

Colma Nurseryman Dies In San Jose

Funeral services were held Tuesday for Pasquale Giacchino, 78, retired Colma nurseryman, who died February 19 at O'Connor's Sanitarium in San Jose.

The deceased, a native of Italy, was the husband of the late Caterina Giacchino. He is survived by three sons, Emile, Mario and David Giacchino, and a daughter, Emilia Canepa.

Mass was said at Holy Angel's Church in Colma, with entombment in the Holy Cross Mausoleum. Valente, Marini, Perata and Co. handled arrangements.

AID CRIPPLED CHILDREN

To Solicit Funds With Seal Sale

A little girl on crutches asks your help. She is the child on the green Crippled Children's Seal soon to be delivered to homes all over San Mateo county in the 15th Annual Crippled Children's Seal Drive starting Easter week.

The 30,000 seals in this county will be put on sale here by the San Mateo County Society for Crippled Children soon. The organization has started an active campaign.

This drive will support the three way program of the El Portal School in Millbrae. The San Mateo School department supervises the classroom curriculum and provides three teachers. The State Department of Public Health supervises the therapy program and provides two therapists, occupational and physical. The Crippled Children's Society of San Mateo County maintains the school, operates the bus (a gift to the school), pays the driver and provides a matron and an attendant for the physical therapy department. The Society has also purchased all specially designed equipment recommended by the therapists. There is an urgent need for more funds immediately if these services are to be maintained and ultimately more children helped and healed.

Samuel D. Merk, president of the society, has expressed the immediate need for funds:

"San Mateo County, according to state-wide reports has one of the best general programs in all of California. This work must go on and it cannot continue unless more funds are received by the Crippled Children's Society."

Children crippled from disease, accident or birth, constitute a grave challenge to all citizens, Merk said. He declared that they must have their chance to develop mentally and physically to become useful, happy Americans.

Merk said that the Easter Seal sale provides funds for the work of the local organization, which is dedicated to corrective treatment, recreation, education, and vocational aid for the crippled children of the county.

Headquarters are at 1204 Burlingame avenue, Burlingame, on the second floor, with Mrs. George Spanne, field executive secretary, in charge. Local women have volunteered their help in stuffing the envelopes for the drive.

The campaign is part of a nationwide drive to be conducted by more than 2,000 member units of the National Society for Crippled Children and Adults. The San Mateo Society is an affiliate of the National Society and the California State Society.

Boxing Tourney March 3 And 5 In High School Gym

More new equipment for the athletic teams and classes of Jefferson Union High School is the aim again this year of the benefit boxing tournament to be staged under sponsorship of the school's Block "J" Society.

Boxing bouts among contestants in nine weight divisions will be divided into two evenings of entertainment for the public, who will witness the semi-finals and finals of the tourney March 3 and 5.

Fred Apostoli, former professional boxer, will referee the semi-finals, and Frankie Brown, well-known boxing official will call the finals. Both famous figures of the pugilistic world have volunteered their services for the fights.

Preliminary to the two deciding events, 26 elimination bouts are being staged this week before high school audiences to determine the contenders in the semi-finals and finals. Fifteen bouts will be seen Wednesday night, March 3, and nine matches are slated for Friday night.

Admission tickets for adults will cost $1.00, and will provide admission to both events. Block "J" Society members will stage a pre-sale, and tickets will be on sale at the door.

Entries in the eliminations, or quarter-finals, were published in The Record last week.

Ginsberg Hearing Set For Friday

Donald M. Ginsberg, 25, 6843 Mission street, was granted one week continuance of preliminary hearing last Friday in municipal court.

Ginsberg was released from the county jail on $1,000 bail, pending preliminary hearing on a charge of lewd and lascivious conduct in the presence of a five-year-old girl.

Municipal Judge William J. Sweeney set the time for hearing at 2 p. m. this Friday.

March 4 Deadline For Registration

"March 4th, the deadline for registering to vote at municipal elections, is fast approaching," County Clerk W. H. Augustus said today. "While there has been a considerable increase in the number of registrations in the last few weeks, we are certain that many persons now eligible to register have failed to do so. This will preclude the possibility of their voting at the municipal elections.

Augustus urged that all persons eligible to register do so at once. Also, those persons who failed to vote at either the primary or general elections in 1946 or who have moved to other residence addresses or have changed their names must re-register in order to be assured the privilege of voting.

Registration deputies are conveniently located throughout the entire county, thus requiring a minimum of effort upon the part of the person desiring to become registered. The deputies and their addresses in this area follow:

DALY CITY — Claudio Cattori, 7316 Mission street; Frank W. Kent, 250 Los Banos avenue; Peter J. Markovich, 6454 Mission street; Mrs. Evelyn Mosman, City Clerk's office, city hall; B. C. Ross, city clerk, city hall; Edward R. Trier, 158 Woodrow street; Mrs. Helen Villalba, 115 Crocker avenue.

COLMA — Michael C. Callan, 2790 Junipero Serra boulevard; Thomas J. Callan jr., 2790 Junipero Serra boulevard; E. A. Weisenburger, city clerk, city hall.

34 Traffic Fines Levied Last Week In Muni Court

Speeding topped the list of traffic violations, with driving through arterial and signal stops running a close second, as recorded by fines collected in traffic court during the week ending last Friday.

The office of Municipal Judge William J. Sweeney collected fines from these persons cited for speeding:

Charles Abbott, $2.50; Ralph Barelli, $7.50; Gary Drew, $5; Fred Gonzales jr., $5; Leonard Hartman, $5; Bernard Helman, $2.50; Mike Katz, $5; James Olson, $5; Curtis Reynolds, $7.50; Alex Sobel, $5; Raymond Strohmer, $10; Walter Bowling, $20; Harvey Cloutier, $5; Peter Stender, $5, and Ralph Ellis, $35.

Signal and arterial stop citations brought fines from:

Ernest Cicero, Douglas Darrow, William Doran, James Dempsey, Robert Franklin, William Fuller, Clayborn Lee, Mat Lee, Curtis Rebecchi, James Scurlock, Frederick Warren and Charles Tackett.

Parking citations and other charges of faulty driving were answered by K. J. Morcon, Aldo Ceragioli, Samuel Navarra, Winfield Parter, Peter Tinnerman and Lester Belliveau.

NEW ORDINANCE IS BEING DRAFTED FOR D.C. FIRE DEPT.

'Cycle Accident Injures Driver

Travis Dewberry, 31-year-old San Francisco laborer, was treated for leg injuries at Junipero Serra Hospital last week after a motorcycle crack-up at East Vista and Mission streets.

According to police, Dewberry was learning to ride a motorcycle, and drove it over an embankment approximately 25 feet high.

Hospital attendants said his injuries included lacerations of both legs, and a torn ligament in the left knee. He was not hospitalized.

D.A. Won't Run In Judicial Election

Gilbert D. Ferrell, San Mateo county district attorney, this week announced he will not oppose Superior Judge A. R. Cotton in the forthcoming elections for the judicial post.

Ferrell, who has held the district attorney's job since 1935, said he will be eligible for retirement from the D.A. post in June, 1949, on his 70th birthday, and that he plans to retire in 1950, when his present term expires.

Meanwhile, Judge Cotton was to file his declaration for re-election Tuesday, the first day for filing.

Local Boy Tours State With Band

Fred W. Waterman, son of Mrs. L. Waterman of 182 Acton street, Daly City, is one of 54 California State Polytechnic College musicians who will tour northern California as "musical ambassadors" March 7 to 14.

Waterman, who plays solo trumpet with the Cal Poly orchestra and also acts as its assistant manager, is taking a course in aeronautical engineering at California Polytechnic.

The orchestra will make the trip accompanied by the men's glee club. The two groups will be under the direction of Harold P. Davidson, head of the Cal Poly music department, and will entertain at high school and junior college dances and assemblies throughout the upper Sacramento Valley.

Petty Officer Ratings Available Now

Former members of the United States Navy Reserve, the United States Navy or the Navy Inductive who were discharged as chief petty officers may now reenlist as second class petty officers, according to announcement this week by the navy recruitment office.

A few chief petty officer ratings also are available to the first reenlistees, the office stated.

A recruiting representative will be stationed in the South San Francisco post office at 11 a. m. each Tuesday.

Measures preliminary to the passage of a new ordinance governing the Daly City Fire Department were top business on the agenda of the city council, in session Tuesday night.

The council met Tuesday instead of Monday of this week, due to the observance of George Washington's birthday.

Preparatory to endorsement of the new ordinance, which was introduced by Councilman Dan Dolan, the council approved recommendation of the fire commissioners that A. J. Bodien and John J. Field be blanketed into the civil service jobs of assistant fire chief and fire marshal, respectively; that Gus Ford, assistant fire chief, and August Benassini, battalion chief, be demoted to the rank of fireman, and that the vacant battalion chief positions be filled from an eligibility list to be compiled by civil service examination.

They also ratified classification of assistant chief, fire marshal and battalion chief under civil service, as recommended by the local board of review. Endorsement of the ordinance is expected at the next council session.

Other business heard or transacted by the council included:

Ratification of a contract with the State of California for maintenance of highways through Daly City;

Authorization of the street utilities department to purchase necessary street-marker signs;

Receipt of a request for installation of a street light in front of 1929 Junipero Serra boulevard;

Granting of a 30-day leave of absence to Councilman James Paul Green, who has returned to the army hospital at Denver, Colorado.

Colma Red Cross Plans Drive

Mrs. M. Pauline Brown, chairman of the Colma Red Cross drive, announced today that Red Cross booths in the Colma Branch of the Bank of America and in the Colma Health Center will be the main collection project of the drive this year.

Uniformed Red Cross workers will be stationed at both collection centers to solicit funds. The bank booth will be open throughout banking hours, Mrs. Brown stated, while the booth at the health center will be open only from 3 to 5 p. m. weekdays and from 10 a. m. to noon, Saturdays.

Other officials of the drive include Vincent Murphy, Broadmoor chairman, and E. A. Weisenburger, Colma incorporated district. Garden Village has not yet announced selection of a chairman.

Troop 16 Girl Scouts To Attend Symphony

A combined educational and entertaining highlight of the activities of Troop 16 Girl Scouts this month will be attendance at a symphony concert at the San Francisco Opera House March 6.

At their meeting last week, the girls made enthusiastic plans for the event. They also described the laws and customs of Girl Scouting for a new member.

RED CROSS DRIVE NEEDS SUPPORT!

Daly City has failed in its humanitarian job for the past three years. It has failed, through neglect and lack of consideration, to meet even its own expenses through contributions to the American Red Cross.

A city is no more immune from condemnation than any one of its citizens, when it fails in its duty to itself. And that is precisely what our town is doing when it spends almost $5,000 of Red Cross funds during a year's period, and neglects to replenish even one half of that amount.

Yes, Daly City used some $4,400 worth of Red Cross money last year in visiting nurse calls alone — as well as several hundred in various other services. During the month of January this year, visiting nurses made 22 calls to Daly City homes. Shall we assume financial responsibility for these, or shall we let other cities across the nation pay our debts?

Then too, what community shall be asked to provide funds for disaster work, in which the American Red Cross must spend millions of dollars each year? A flood of Missouri River towns, or an earthquake in the southern tip of Florida cannot possibly be relieved by finances from those vicinities alone.

There have been tales of inefficiency within the organization. These are used by potential supporters as excuses for failing to meet their responsibilities. There is also inefficiency wthin our government — indeed, within any government. But shall we also dispense with organized leadership?

Arthur J. Bodien, city building inspector and chairman of the Daly City Red Cross division, has called a meeting of local citizens for Friday evening, February 27, to draft a plan for the collection of this year's Red Cross quota — a mere $2,500.

Shall we perform our humanitarian job this year and take an active interest in the drive, or shall we repeat our actions of three years past, depending as parasites on the contributions of our fellow citizens?

WHAT! NO CURTAIN?

It's all very confusing—and almost unbelievable.

The curtain — iron, that is — that has long made it difficult for outsiders to peek through the Balkan windows has been taken down. Maybe it's just going to be laundered a bit and then put back up.

At any rate, British and American newsmen who have been sitting on Bulgaria's doorstep for more than seven months waiting to get in have suddenly been welcomed with open arms. They are assured that their movements will not be restricted.

At the same time the attitude of Bulgaria's neighbors has also undergone a sudden change. The Yugoslavs granted permission for the plane carrying the correspondents to fly over the country — the first time in about two years that an American plane has been given such permission. And to top it off, the premier of Romania gave a dinner for one of the newsmen.

Why the new policy toward newsmen? That's what everybody is trying to figure out. One guess is that the Balkan countries are trying to prove that they are really "democratic." This might help Bulgaria get into the United Nations —something she is most anxious to do.

There are several other guesses but the real reason probably won't be unearthed for some time. Anyway, it looks like a friendly gesture, but if it is, it will take quite a while to convince newsmen. They've been pushed around too long.

U.N., PALESTINE AND PEACE

The Palestine problem, it is now abundantly clear, is not just another of the many crises which have confronted the United Nations in its brief, but stormy existence. This situation threatens to blow the U.N. to pieces — and to blast into oblivion the last hopes of a permanent peace along with it.

Last November, when the United Nations voted to partition the Holy Land, it was apparently assumed that once the decision was made the process of carrying it out would be a mere formality. Most of the diplomats were confident that the Arabs, in spite of their strong vocal opposition, would not resist partition by force. That was a bad miscalculation.

Responsibility for the present mess lies largely with our Government. American diplomats influenced doubtful nations to vote for the split-up. This was done for domestic political reasons. Now the whole plan has back-fired. The Arabs are mad at us — and that endangers continued oil supplies from the Middle East which we need so badly. The Jews are also mad at us because we refuse to ship them arms for their defense. And the U.N. faces disaster.

Of course, other nations are by no means without fault. The British have been anything but cooperative with the United Nations on Palestine and the Russians have blocked the formation of an international army for occasions such as this.

But if the U.N. is to survive it must act now — quickly and decisively. It must raise a military force to back its decision. Whether the Arabs would engage in full-scale warfare against such a force remains to be seen. One thing, however, is certain, partition of Palestine and the survival of the U.N. will not be accomplished with words.

MORE CHANGES NEEDED

Last year when the streamlining of Congress went into effect a long step forward was taken. But in the intervening period it has become apparent that still more changes are necessary if the national lawmakers are to achieve the degree of legislative efficiency which the times demand.

The filibusters should be eliminated — definitely. It not only wastes time but makes a mockery of government by majority rule. Congressional investigations should be put on a more orderly basis. This could be done through the establishment of standing committees instead of giving the assignments to hastily formed special committees which are not properly equipped for the job.

Committee chairmanships should be filled on the basis of ability, not seniority (or senility). The powers of some committees should be drastically curtailed. For example, the House rules committee, through which all proposed legislation must pass, can prevent a bill from reaching the floor of the House for debate or action.

In fact, former Supreme Court Justice Owen J. Roberts recently charged the present chairman of that committee with responsibility for pigeonholing the Universal Military Training bill simply because the chairman opposes it. Whether U.M.T. is right or wrong isn't the issue, but it is definitely wrong to prevent an open debate on it and a decision by Congress one way or the other.

Another change that would make Congress more efficient is an electric voting machine. It takes 40 minutes to call the roll in the House and it is estimated that nearly 10 per cent of the time in that chamber is thus consumed.

In short, Congress needs a "newer look."

DIFFERENT TUNE

Moscow reports say that at least two of the composers charged with "anti-democratic" musical compositions have "confessed" to the error of their ways. No doubt, they feel it is wiser to change their tune than to risk a change of address. Siberia is awfully cold.

IT HAS BEEN SAID . . .

People who live in glass houses—can't ignore thte doorbell.

IMPOSSIBLE

No man can pull himself out of trouble with a corkscrew.

WHITE NUPTIALS

Stone Lantz, Jr. Weds Joan Timmer In Formal Rites

Honeymooning at an undisclosed location this week are Mr. and Mrs. Stone John Lantz jr., who were wed last Saturday in a formal white ceremony at St. John's Episcopal Church in San Francisco.

The bride, the former Joan Whalen Timmer of San Francisco, wore cream-colored satin with a long train. Her fingertip-length veil was fashioned with a brief lace panel, and her bouquet was white sweetheart rosebuds and orchids.

Maid of honor, Miss Winifred Shepherd of San Francisco; Miss Jacqueline Kemp of San Francisco, bridesmaid, and Miss Judy Timmer, the bride's sister and junior bridesmaid, wore white formal frocks and carried old-fashioned bouquets of red carnations. Matching flowers adorned their hair.

Ernest L. Lantz stood as best man for his brother, while Leslie Grieg, Paul Graham, Marvin Bookout and Malcolm Carrick showed guests to their seats.

Officiating ministers were the Rev. Lloyd R. Carrick of St. John's Church and the Rev. A. Elwood Sanner of the First Church of the Nazarene. The bride and bridegroom exchanged rings.

Receiving guests at the wedding reception in the church auditorium, Mrs. Anne Marie Timmer, the bride's mother, wore a black and a pink print dress with a small black hat. Mrs. Stone Lantz sr., the bridegroom's mother, donned a blue frock and pink flowered hat.

Five hundred guests were present to offer congratulations to the newlyweds. Serving at the reception were members of the church's junior choir. The bride's table was centered with a four-tier wedding cake.

The new Mrs. Lantz, daughter of Mrs. Timmer and the late Capt. Henry A. Timmer, is a 1946 graduate of George Washington High School. An active member of St. John's Church, she is director of the church junior choir. She is employed in the office of Stewart Oxygen company of San Francisco.

The benedict, son of Mr. and Mrs. Stone Lantz sr. of Hanover street, was graduated from Jefferson Union High School in 1943. He is a member of the First Church of the Nazarene. A veteran of more than two years service in the navy with duty in the Pacific, he is employed as adjuster for the Otis Elevator company.

On their return, the young couple will reside at Union and Leavenworth streets in San Francisco.

SPORTS

By Ralph Capps

Alex Johnson's Roofers are now in undisputed first place, by virtue of an exciting win over the fine Colma Boys' Club team, and the Sportsmen's win over Union Liquor, both games being played last Tuesday night.

The Johnson vs. Colma game was full of fouls and fists as the tension grew in the closing minutes of the game. Both teams were offering apologies and forgiveness in the locker room after the close 38-35 game, as they all realized that there were no personal feelings involved, and that in such a hard fought and important game it could have happened to anyone. The boys of both teams, all of whom went to Jefferson High, were and still are the best of friends. It was just an extremely aggressive and hard fought game.

The Roofers played their best game, and they definitely had to win from the heretofore undefeated Boys' Club. The Colma five played a fine game and offered no excuses for the loss. The great rebounding of Ted Prescott, Wright, Beresceich, Mosman, Johnson and Kronke; plus the defense planned especially for the B.C. by Player-coach Walt Cavagnaro, were the deciding factors. The game was close and exciting throughout as intimated by the 20-19 lead the Roofers held at half time. Prescott was high man for the Roofers with 11 points, followed by Capps' 10. Bob Savelly led the B.C. with 10 points and Bill Nassano meshed 7. Nassano, Savelly, Ben Parodi, Greenough, Menicucci and Dederman all played good ball, as did Charles Piccard, who made his debut with the Colma five. Thus "Old Father Time" settles another controversial issue.

The second game of that same night narrowed the undefeated list to one. The victors, once defeated Sportsmen from the Balboa district; the victims, previously undefeated Union Liquor. As predicted, the casaba fans of Daly City saw two well played games Tuesday night. The Sportsmen took Union Liquor 33-24 for a minor upset. Most of the "crystal ball gazers" thought that U.L. would win a close one, but the Sportsmen really clicked. Tom Dillon poured in 14 points for the victors, but the whole team looked better than ever before. Red Dunn was held to 7 points, but still led his team in scoring. Dunn was closely followed by Murry's 6 and Bidwell's 5 points. The 200 Tuesday night spectators really saw a fine twin bill.

The Warehousemen were again forced to forfeit, last Thursday, when only four of their players showed up for the game. Once again they borrowed a man, however, and put on a good exhibition against the San Bruno A.C., who were given the win. The second game of the evening was a thriller, though, when the two cellar teams, the Army Hilltoppers and the San Bruno Lions, fought to enter the win column. The very close and surprisingly well played game ended in a 33-32 victory for the Lions. The loss places the stubborn Army team in undisputed last place, but don't be surprised if they enter the win column before the league ends.

The league passes the half way mark when the game of the week pits the league leading Alex Johnson Roofing Co. with the threatening Sportsmen. Colma B.C. plays the S.B. Lions in the 7:20 opener. The Thursday games have not yet been announced.

League standings:

	W	L	Pts.
Alex Johnson Roof...	5	0	10
Union Liquor	4	1	8
Colma B.C.....	3	1	6
Sportsmen	3	1	6
Eagles	2	2	4
San Bruno A.C.	2	2	4
San Bruno Lions.....	1	3	2
Vis. Valley C.C.....	1	4	2
Warehousemen	1	4	2
Army Hilltoppers	0	4	0

Mrs. Vernon Yorty Feted At Shower

Mrs. Vernon Yorty of San Bruno was guest of honor last Saturday evening at a baby shower given by her mother, Mrs. Dominic Pomatto, at her San Joaquin avenue home.

Present to fete the honored guest were Leonora Mecchi, Ethel Vargo, Betty Stokes, Lizzie Dellamoggiora, Kathryn Sundermann, Dorothy Denman, Adeline Marselli, Margie Marselli, Sarah Lagomarsino, Mary Bottaini, Virginia DeVincenzi, Eva Aiello, Ethel Terramorse, Isabell Winrich, Lil Weinberg, Doris Pellitier and Clelia Scordaci.

Gifts were sent by Anna Pagliotti and Catherine Michela, of Los Angeles, and Rose Pagliotti and the honoree's grandmother, Louise Pignocco, of Santa Barbara, who could not attend.

Pure-Blooded Indians

More than half Bolivia's people are pure-blooded Indians; most of the rest are mixed Indian and white. Despite the mineral wealth, agriculture looms important in the future. Well-established crops are coca (source of cocaine), cotton, corn, coffee, cacao (source of chocolate), sugar cane, rubber and cinchona (source of quinine).

Heavy Producers

Farmers in the U. S. have produced the equal of 10 years' normal corn crops in the past seven years

SPRING CHECKS

Photo courtesy New York Dress Institute

Black and white checked rayon jersey dress designed for the budget-minded.

Spring's rayon jersey dresses will be seen not only in plain colors and stripes, but in prints and checks. This cool, easy-to-pack and easy-to-press fabric is pictured today in one of many New York street dresses attractively but inexpensively styled for wear on into the warmest days of Summer.

The dress is fashioned all of a piece, with its flattering peplum banded in black crepe matching the V-decor of the bodice and sleeve cuffs. Notice that the skirt, though rather slim in effect, is not in the least skimpy—an important feature of fashions throughout the new collections of New York designers. The back of the waistline is finished with a bustle bow.

Other highly satisfactory fabrics seen in popular-priced town dresses are rayon shantung, striped and polka-dotted crepes and dark sheers, with such features in their favor as neat buttons, self-fabric trims, and careful finishing.

A giant clam shell weighing 300 pounds is on exhibit in the shell library of Stanford University.

ANTARCTIC

For the lack of definite information at this time it can only be assumed that the present dispute between Chile, Argentina and England over Antarctic territory must have something to do with uranium — or rumors about uranium. At any rate, uranium rumors seem to have much the same effect on Governments in these days that the cry of "Go'd!" used to have — and still has — on individuals. The first move is to stake out a claim. And that's what Chile has done by setting up a couple of military bases in the Antarctic. Whether Grahams Land, on which these bases are located, rightfully belongs to the Falkland Islands, is a disputed point. As far as the Falklands themselves are concerned, however, the British claim to them has been well established for the past two centuries or more. The matter may wind up in the United Nations. But at least, it shouldn't be one of those disputes that threatens to tear the U.N. apart.

Planners Start Move To Acquire Butano Forest

The San Mateo County planning commission this week took the first step toward acquisition of Butano Forest as a recreation project in two recommendations to the county board of supervisors.

First recommendation was that the county start proceedings for the purchase of Pioneer Grove, a 50-acre plot of the choicest timber area of the forest, for about $20,000.

Next, the commission advised the county to turn over to the state some six miles of county-owned beaches as part of the shore-line recreational development program.

Action on the purchase of Butao Forest is made iminent, the commission declared, by the fact that logging operations are getting closer to the Butano trees, endangering the saving of the forest for recreational purposes.

News Notes From S. M. Jaysee

President Charles Morris of the San Mateo Junior College is now in Kansas City, Missouri, attending a national conference of the National Junior College Association where representatives of some 700 junior colleges are considering junior college problems. President Morris is chairman of the legislative committee.

The spring term smoker for the men students will be held Saturday evening in the American Legion Hall in San Mateo. Don Berry, president of the Associated Men Students of the San Mateo Junior College, announces an evening of sports talks, football movies, smokes and refreshments.

inor Children re "Dependents"

taxpayer may claim as a dent any closely related person whom he furnished the major- support during the year. No , regardless of age, may be med as a dependent if they n $500 or more of taxable in- e during the year.

he Internal Revenue defines sely related" as your children, ndchildren, parents, grandpar- s, sisters, brothers (including p," "half"), or legally adopted dren, uncles, aunts, nieces, hews (if related to you by d, but not if only by marriage) d "in-laws."

Minor children who earn less u $500 in one year may still be claimed as dependents providing the parent furnished more than one-half the support. If the child worked for salary subject to withholding tax, and earned less than $500, a return should be filed, and a refund for all tax paid will be mailed from the Collector's office.

Claim for dependency may not be pro-rated. The criterion is majority support. The full exemption may be taken by the person who supported the dependent for any portion of the year in which he lived, for example, if a child was born in December 1947, you are entitled to take full credit for a dependent. If an aged parent, whom you had been supporting, died at any time during the year, you would be entitled to claim full dependency.

If a parent supports his daughter while her husband is in service overseas he is entitled to claim her as a dependent, even though she puts her government allotments in the bank.

Parents whose sons are attending college under the G.I. Bill may claim them as dependents, provided they contributed more to their support than was paid by the government plus any earnings under $500 made in vacation periods.

IT'S YOUR RED CROSS...KEEP IT GOING

Give Generously!

Different Steels

Steel is steel to most people, but to a metallurgist there are different kinds of steel. In one make of automobile most of the outside parts are cold-rolled steel. Hot-rolled and strip steel, more malleable but not as highly finished, account for such parts as floor pans, frames, bracings, radius rods, axle housing and running boards. Cold-drawn bars are used chiefly in drive shafts and screw products. There is terne plate in the gas tank and special sections in the front axle and brake shoes.

Fatal Hours

During winter months, for every 30 pedestrians killed in the three hours just before sunset, 100 are killed in the three hours just after sunset.

Slaughter Weather

Frosty weather is hog killing weather because it takes near-freezing temperatures to cool down the 100 degree heat of a freshly slaughtered carcass to below 40 degrees in 24 hours.

AMERICAN SUPERSTITIONS

Not long ago a dispatch from Japan revealed that the economic recovery of that country is being hampered by the many superstitions of the people. Farmers won't work in the fields on certain days, fishermen won't leave port if the date has a seven in it, and so on. It all seemed very silly. But a survey of American superstitions conducted over a 10-year period produced the following facts: $125 million is spent in the United States annually on fortune tellers; millions are spent on horoscopes, dream books and lucky charms; 10 million rabbits feet have been bought at prices as high as $5 each; in the deep South $1 million is paid each year on love potions, charms and voodoo bags. Besides all this, many Americans still think Friday the 13th is really unlucky, that June marriages are the most likely to be successful, that walking under a ladder or breaking a mirror brings bad luck and that knocking on wood protects one from bad luck. And to think that we laugh at the Japanese!

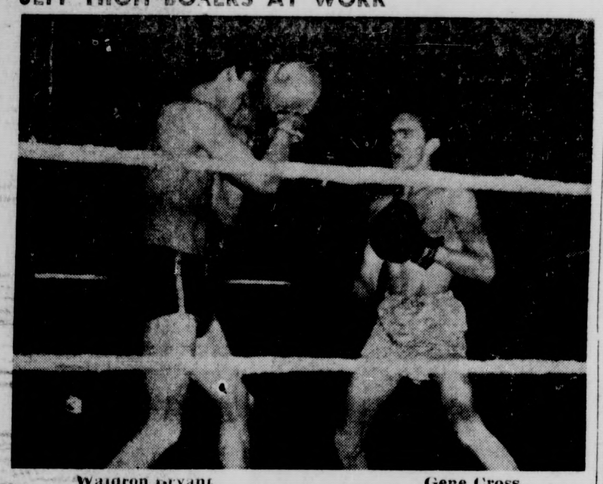
JEFF HIGH BOXERS AT WORK



Waldron Bryant — Gene Cross

Bob Grimes — Jack Eberle

Louis Russo — Bob Foggelman

The above pictures present examples of work done by the boxing classes of Jefferson Union High School. At the top, Gene Cross, winner of last year's benefit boxing tournament, matches dukes with Waldron Bryant. The second picture, also a view of last year's tourney, features Bob Grimes fighting Jack Eberle in the finals. At bottom, Louis Russo and Bob Foggelman are pictured in a practice match on the high school field.

FISHING

California Offers Year 'Round Sport For Anglers

Although tthe steelhead season ends February 29 the California Division of Fish and Game reminded sport fishermen of the diversified piscatorial possibilities of the State's waters before the summer trout season opens May 1.

While the trout fisherman languishes by the fireside and dreams of sunnier days, sea-going Izaac Waltons may pursue what they term the greatest game fish of all — marlin, yellowfin or bluefin tuna, skipjack, black sea bass, broadbill swordfish, yellowtail and barracuda. Throughout the year, a fifteen fish aggregate bag limit applies to these fighting fish as well as albacore, white sea bass, bonito, rock bass, kelp bass, California halibut, corbina, yellowfin, croaker, and spotfin croaker.

Rod and reelers may take up to five shad per day until March 15.

Waters of the Sacramento and San Joaquin rivers and the upper San Francisco Bay yield the prized striped bass, which may be taken with not more than one rod and line with no more than three hooks. A 12-inch minimum size and five fish bag limit applies until May 1.

Fish and Game wardens are not particular how fishermen take mullet and carp in the Colorado river area. These non-game fish may be caught at any time with six-foot or smaller dip nets, hook and line, or bare hands.

Year-round fishing for the warm spiny-rayed fishes — sunfish, crappie, large and small mouthed black bass, catfish, and perch — is legal in Clear Lake, the Colorado river, and in San Diego county. The entire State will be opened May 1 to all-season spiny-rayed fishing by recent action of the Fish and Game Commission.

Another phase of "off season" sport is now available to the shoreside fisherman. Lobsters between 10½ and 16 inches are legal prey before March 15. Crabs over seven inches may be taken until August. No bag limits apply to the clawed crustaceans except a maximum of 10 crabs in the Eel river and Humboldt Bay.

The native abalone — found in no other waters of the United States — becomes the target of coastal rock climbers again on March 16. Five red abalones or an aggregate bag limit of ten of all species is allowed. Minimum size limit for red abalone is seven inches; green, six and a quarter; pink, six; and black, five.

Until April 30, 15 clams per day may be taken in Districts 8, 9, and 17 (Humboldt and Monterey Bay areas). There is no closed season elsewhere. Effective May 1, the Pismo clam limit will be reduced to 10 clams.

No bag limit applies to jack knife clams, while the maximum bag of razor clams is 30, and big neck clams, 10. From San Mateo to Mendocino county, inclusive, the limit on Washington clams is 15 per day.

There is no closed season on mussels and scallops. 50 cockles per day may be taken throughout the year except in Marin county, where the season is closed April 1 to August 31.

The list of available marine animals is the envy of many an out-of-State fisherman, and includes shark, eel, octopus, and several hundred other varieties of fish which may now be taken by California sportsmen. The only essentials for year-round fishing, the Division reports, are possession of a 1948 fishing license and strict compliance with the laws and regulations.

Green Valley Circle To Have Banquet

Green Valley Circle, United Ancient Order of Druids, will hold its annual turkey dinner March 8 at 6:30 p. m. in Guadalupe hall.

Mary Vallerga, chairman, has announced that reservations may be made by calling DElaware 3-0448; MOntrose 4-6684, or DElaware 3-8351.

Republican Women Hear F. Skillman At Feb. Meeting

The San Mateo County Council of Republican Women held their regular meeting at Gunst House, Washington Park, Burlingame on Tuesday, February 17, presided over by their president, Mrs. Myrtle Clark Stearns.

Program chairman, Mrs. William Hayes, introduced the speaker, Frank S. Skillman, architect secretary of the San Mateo County planning commission, who spoke of the county's growth and the commission's plans for the present and future.

Resolution was passed to go on record with the County Board of Supervisors to ban sign boards along the new free-way.

Refreshments were served by Miss Cleo Prineas, assisted by Mrs. Eleanor Larke.

The fifth in a series of meetings featuring "Know Your County and Its Officials" will be held on March 16 at Gunst House and the speaker will be William H. Augustus, clerk of San Mateo county.

All members agreed to urge everyone to register and be eligible to vote.

LIGHTS SHOULD BE CHECKED

Headlights adjustments, even in the best of cars, are not permanent. On rough pavements, the finest lamps may be thrown out of true. That simply means they must be checked periodically if the owner is interested in having adequate light.

GOVERNOR WARREN BUYS LEGION STAMPS

Governor Earl Warren, California's number one Legionnaire purchases the first sheet of American Legion Rehabilitation Stamps this week to kick-off the third annual Legion Rehabilitation fund drive conducted by the California Department of the Legion. Sold only to its own members the funds received from the Sale of the Stamps supplements the funds used by the American Legion to conduct the veteran's service program and its hospital and patient welfare work throughout California. Such assistance is provided whether the worthy veteran is a member of the Legion or not. John C. Dunn, director of the fund drive and the Chairman of the Legion Rehabilitation Commission for California is pictured selling the first stamps to Governor Warren.

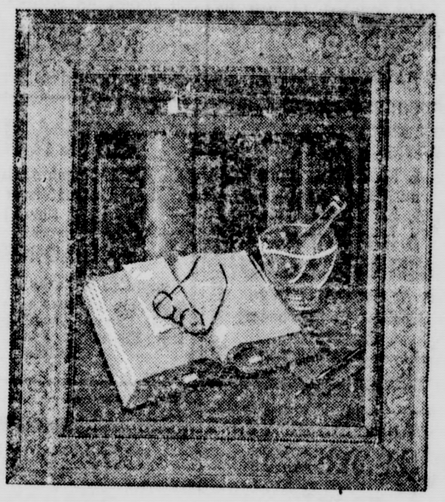
The World's Resources— NEAR AS OUR PRESCRIPTION ROOM



YOUR physician gives you a prescription—just a little slip of paper—but to compound it correctly, our pharmacists may have to draw upon the world's resources. It is not uncommon for a prescription to require drugs and chemicals gathered from a score of countries, purified, blended and compounded as only skilled pharmacists know how, to make the medicine that exactly fits your needs. We take pride in having ample stocks to make this possible.

EL CARMELO PARLOR CELEBRATE BIRTHDAY

On the evening of February 18 members and guests gathered at the Starway restaurant to honor El Carmelo Parlor No. 181, Native Daughters of the Golden West, on the parlor's thirty-eighth birthday. Guests were seated at tables decorated in the colors of the order, red, white, and yellow. At the conclusion of a very delicious meal, the individual candle-holder place cards were lit at a ceremony presided over by Grand Trustee Dorothy Donofrio.

Among the guests who joined in wishing El Carmelo Parlor much happiness were: Grand President Doris Treat, Grand Secretary Sallie R. Thaler, Grand Trustees Jewel C. McSweeney and Leslye A. Hicks, Grand Organist Frances A. Simas, Past Grand Presidents Evelyn I. Carlson and Emily E. Ryan, Deputy Grand President Dolores Bozzo, Organizer Pauline Quirolo and Charter Member Hattie Kelly.

After having had a wonderful time at this birthday dinner, the group adjourned to the Masonic hall on Hillcrest drive.

When Grand President Doris Treat paid her official visit to El Carmelo Parlor, twelve members (each carrying a different flower to represent the months of the year) presented her with a bouquet of birthday wishes. After making a wish the grand president blew out the candles that the escorts had placed on the birthday cake.

Past Grand President Loretta M. Cameron, Grand Trustees Jewel C. McSweeney, Leslye A. Hicks, and Marion Brian, Grand Secretary Sallie R. Thaler, Grand Organist Frances A. Simas, Past Grand Presidents Evelyn I. Carlson, Mae Himes Noonan, Emily E. Ryan and Ann T. Thuesen, and Deputy Grand President Dolores Bozzo were escorted to the altar.

Membership was increased on this evening, and it was a pleasure to welcome the newest member, Stella O'Connor.

On behalf of the past presidents and members of El Carmelo Parlor Grand Trustee Dorothy Donofrio made a presentation to the Homeless Children Project. The wish was expressed that this donation be used to adopt a baby to be named "Dorothy" in honor of President Dorothy Linehan. A parlor presentation was made to the Native Daughter Home in San Francisco.

All present were invited to remain for a birthday party in the downstairs banquet hall. The tables were prettily decorated in the birthday theme, complete with novel "gift favors." As refreshments, sandwiches, ibrthday cake, coffee and tea were served.

Chairman of the evening was Dorothy Donofrio, assisted by a group of very cooperative members.

St. Finn Barr Ladies Aid To Have Retreat

The Catholic Ladies Aid of St. Finn Barr's parish will observe a Day of Recollection next Wednesday at 9 a. m. mass.

Friends of Ladies Aid members have been invited to participate. The Rev. Robert Gratto will conduct tthe retreat.

OWNERSHIP CERTIFICATES

Motorists should keep their pink ownership certificates in a safe place, advises the National Automobile Club. It is well to remember that new certificates are not issued every year the car is registered, but only when there is a change of ownership, either legal or registered.

HEY, HENRY- HOW COME YOU'RE WOOFIN' IT?
BIRDS FLY- FISH SWIM, AND A GUY HAS TO WALK IF HE GETS STUCK WITH A SECOND HAND PIECE OF JUNK LIKE THAT JYP- ARTIST OVER TOWN SOLD ME.
I'M GOIN' BACK AND HAVE HIM REPEAT ALL TH SWELL THINGS HE SAID ABOUT MY CAR WHEN I BOUGHT IT BECAUSE I'M GETTING MIGHTY DISCOURAGED WITH IT
LOOK, POP SINCE YOU'S OLD ENOUGH TO BE MY FATHER I'M GOING TO GIVE YOU SOME FATHERLY ADVICE.
OH BOY! SPEEDY WUZ RIGHT! WHAT THOSE EXPERT MECHANICS OF NEVILLE MOTORS CAN DO TO A CAR IS WONDERFUL! LOOKIT HER GO—SHE'S GOT MORE "GO" THAN A SPRING COLT.

You're SURE when you shop SAFEWAY

SURE of Lowest Prices because...

...savings resulting from Safeway's efficient way of doing business are passed on to you in the form of low prices on all items. And Safeway goes even further. If competitors offer cut prices on a few items as "bait" to bring people in, it is Safeway policy to meet those prices item by item, day by day, town by town. This means you can always be sure the lowest prices in town are at your neighborhood Safeway. Along with lowest prices goes a guarantee on every item... assuring you of complete satisfaction. Be *sure*... shop SAFEWAY.

Edmund Brown Heads Jackson Day Dinner In S.F.

Edmund G. "Pat" Brown, San Francisco's district attorney, was today appointed chairman of the 1948 Jackson Day Committee for Northern California. The announcement was made by State Democratic Vice Chairman John

P. McEnery of San Jose. The Jackson Day Dinner was set for Saturday evening, April 10, in the Paum Court of the Palace hotel, San Francisco.

Herbert W. Erskine, Alameda county, was named as treasurer for the committee, whose purposes include the raising of campaign funds for the re-election of President Harry S. Truman and support for the Democratic candidates for Congressional and state offices. Joseph T. Curley, San Francisco attorney, was appointed secretary of the committee, a post he has held for the past ten years.

In accepting the chairmanship, Brown stated: "I consider it an honor and a privilege to accept the chairmanship of the Jackson Day Committee for Northern California in 1948. Believing as I do in the American two-party system, I think that every good citizen has a responsibility to work whole-heartedly in the affairs and activities of his chosen political party. I will do everything in my power to make this year's Jackson Day Dinner a great celebration to again re-kindle the fires of Democracy as laid by Thomas Jefferson, Andrew Jackson, Woodrow Wilson, Franklin D. Roosevelt, and Harry S. Truman. I know I will have the full cooperation of all the Democrats of northern California."

AUTOMOBILE REPAIR GARAGES

There are 52,000 automobile repair garages in the United States, according to the National Automobile Club.

News Column For The Veterans

The number of World War II veterans studying abroad under the G-I Bill has increased almost 350 per cent during the past year, according to the Veterans Administration.

At the beginning of the current year, 6,055 ex-servicemen and women were studying in 422 schools and colleges in 44 countries. At the same time last year, the total enrollment abroad was 1,307.

Almost half, or 2,741, of the present veteran-students are enrolled in educational institutions in the Philippine Islands. VA said the large enrollment there comprises mostly Filipinos who served in the U.S. armed forces during the war.

The next largest student group is in Canada where 883 veterans are enrolled. France ranks third with 635, followed by Mexico with 461, Switzerland with 427, and Great Britain with 356.

France recorded the largest increase during the year, with enrollments jumping from 3 to 635. Other countries recording major increases are Italy, from 2 to 116; Switzerland, from 32 to 427; Sweden, from 3 to 69; Great Britain, from 52 to 356; Mexico, from 63 to 461; Canada, from 330 to 883; and the Philippines, from 705 to 2,741.

Another 186 veterans living in foreign countries are taking correspondence courses under the G-I Bill from schools in the United States.

Veterans are eligible for overseas study under the G-I Bill on the same basis as in the United States. Those going abroad for study must arrange for their own passports, visas and transportation, VA said. All arrangements for such study are made with the Department of State which administers the foreign training benefits of the G-I Bill.

Question: I lost last month's subsistence check before I was able to cash it at the bank. What should I do?

Answer: Go to your local Veterans Administration office and explain what has happened. The office will take necessary action either to recover or replace your check.

Question: I am negotiating to purchase a home under the G-I Bill. The appraisal value of the property is lower than the purchase price. Will Veterans Administration guarantee my loan if I agree to pay the difference in cash?

Answer: No. Veterans Administration will not guarantee a loan on a home where the appraisal value is less than the purchase price. This provision of the law is for your protection.

HELP THE RED CROSS TO CARRY ON!

In 1947 the staff of the Visiting Nursing Service of the San Mateo County Chapter made 17,079 visits to 2,501 cases. These graduate, registered nurses give skilled nursing care to the sick in their homes on a part-time basis. This service is available to everyone, regardless of financial status. The charge for a full pay visit is $1.75; part pay visits are those adjusted to the family income. Service is always given free when patients are unable to pay.

Your Red Cross Dollars Will Continue This Valuable Service!

MAY SHORTEN BATTERY LIFE

It places a tremendous strain on the battery to use the starter motor to move the car and it never should be done except in extreme emergencies. Its use for this purpose may shorten its life considerably.

BEST TRAFFIC IDEA

The "Stop" sign may be a nuisance to the motorist when it interferes with his progress along the side street or secondary road, but it is outstanding among modern traffic control devices in the opinion of officials of National Automobile Club's public safety department. It saves many more stops than it requires in the life of the average driver.

Without its protecting presence at the entrance to the main trunk line and boulevard, users of these main ways, who comprise the bulk of traffic, would be required to slow at all intersections and stop at many of them. This is an angle of the "Stop" signs existence that receives altogther too little attention.

SPARK JUMP DIFFERENT

"The width of a spark plug gap that will be cleared by the current when the plug is being tested when out of its port may be altogether too great for efficient functioning when in place," warns L. G. Evans, general service manager for National Automobile Club. "The difference is accounted for in the increased resistance of the compressed gases when the plug is in place."

GRAVITY SPEEDS DESCENT

"Drivers who would rather be safe than flashy usually use the engine as a brake when descending a steep grade," points out Bert Stewart jr., director of public safety for National Automobile Club. "They realize that the best braking system ever developed is subjected to a strain that may be positively dangerous on some hills. Others, however, forget that the justly renowned law of gravity enters the picture and try to 'get by' using merely the brakes for deceleration. On the downgrade, they fight momentum plus gravity. It is a much harder battle."

Married

Dollie Jackson Weds Bill Boggio In Reno Ceremony

Dollie Jackson, daughter of Mrs. Alice Ullrich of 103 Templeton avenue, became the bride of William P. Boggio last Sunday in an informal ceremony at Reno.

The bride, secretary to Municipal Judge William J. Sweeney of Daly City, donned a pearl pink suit for her wedding. Her outfit was fashioned with a box jacket, full in back, and a slim split-skirt. Her corsage was an orchid, and her accessories, black.

A small, tilted puff of feathers on Dollie's red-gold hair was the crowning touch to her bridal array.

The young couple was accompanied to Reno by the bridegroom's brother and sister-in-law, Mr. and Mrs. Charles Boggio of Oakland, who stood as best man and matron of honor.

A week's honeymoon trip will take the newlyweds to Donner's Summit; to Death Valley, Las Vegas, Boulder Dam, and back home to Daly City via Los Angeles. They will make their home here with Dollie's mother, at the Templeton avenue address.

The bride, a graduate of St. Charles High School in San Francisco, will resume her duties in the judge's office after two weeks' leave.

Bill, a veteran of more than four years' service in the navy, is a produce inspector for the American President Lines. He is affiliated with the Native Sons of the Golden West.

New Arrivals

To the wife of Victor A. Fellman, 41 Risel avenue, February 15, a daughter.

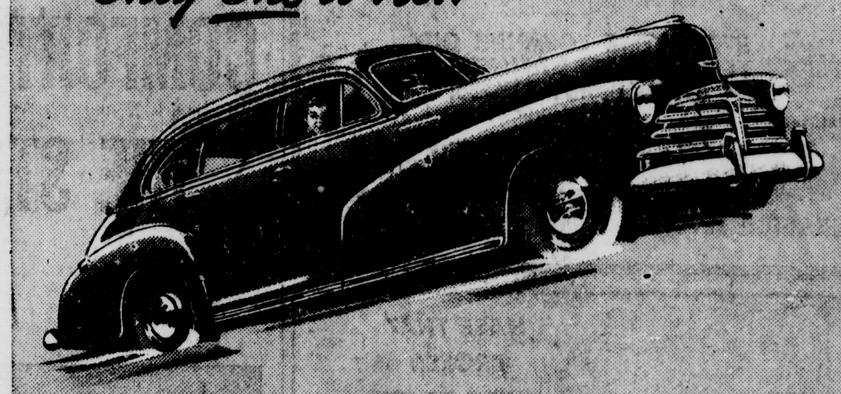
Only One is No.1—


Only Chevrolet Is First!

Meet the new standard of Big-Car beauty! It's here, in Chevrolet's Bodies by Fisher—finest bodies made—available only on Chevrolet and higher-priced cars.

You'll enjoy Big-Car performance, too, when you own a Chevrolet; for it brings you Valve-in-Head engine performance, found elsewhere only in more expensive cars.

You'll find Chevrolet rides more smoothly on all types of roads due to the famous Knee-Action Ride; and, of course, Knee-Action is found only on Chevrolet and costlier cars.

Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet.
Men and women everywhere agree: Only one is No. 1—only Chevrolet is first—in all-round value as in popularity. Consequently, more people drive Chevrolets than any other make, according to official nationwide registrations; and more people want Chevrolets than any other make, according to seven independent nationwide surveys. Here, in the new 1948 Chevrolet, is record value. For new and even more luxurious styling, colors and appointments have been added to all of Chevrolet's other advantages of BIG-CAR QUALITY AT LOWEST COST!

OFF THE BLOTTER - - -

The police blotter this week revealed an abundant number of minor traffic accidents, and one which resulted in damage to both passengers and property.

Archie McDonnell, 362 Willits street, Daly City, and Miss A. Kearney, 5350 Fulton street, San Francisco, were taken to Junipero Serra Hospital Monday for minor injuries sustained in an accident on Mission street. Leroy Davis, chauffeur for the Hilltop Cab company, was the other driver involved.

An accident Saturday at Woodrow street and Westlake avenue resulted in damage to cars driven by Dewey Pohlmeyer, San Francisco, and Edgar Houghton, 219 Miriam street, Daly City.

Leskov Haggard, 971 Mission street, San Francisco, and Bobby Atteberry, 177 Saturn street, San Francisco, were the drivers involved in a collision last Friday at the intersection of School street and Junipero Serra boulevard.

Property damage also resulted from an accident in front of 410 San Diego avenue, Sunday. Drivers were Howard E. Wilcox, 416 San Diego avenue, and James H. Kennedy, 129 Claremont avenue.

Transportation to Junipero Serra Hospital was provided by police Sunday when a 12-year-old boy cut his hand while attempting to make a kite.

Roof Maintenance Five Scores Win Over Waxman's

The fast-moving American Roof Maintenance Co. won its first game of the San Francisco Recreation League championship playoffs Tuesday night in a hard-fought game on the James Lick Jr. High School courts.

The Maintenance team, sponsored by Bill Degliantoni, pitted its skill against Waxman's Bakery to win 42-36. High point man was James Pierson of the Maintenance team, with 15 points.

Under the excellent coaching of Edward Averell, the Maintenance boys earned their place in the playoffs by defeating the Clan Fraser five last week by the overwhelming score of 54-23 on the Galileo High court. Their record now is 14 iwns to three losses—qualifying them for participation in the Examiner's PAA League.

OLPH, Crocker Tie For First Place In Rec. League

More than a hundred enthusiastic spectators witnessed two fast-moving basketball games last Friday night in the Jefferson High School gymnasium, which resulted in a double victory for Crocker Elementary School.

The Crocker "A" team won 31-15 over the Jefferson "A's," in the first tilt, and the lower five, the "B's," took the second by 26-4 over Jefferson. James Bricker of the first Crocker squad was high point man, with 10 digits.

Both games were a part of the current elementary school basketball league series sponsored by the Daly City Recreation Department.

In the same series, Saturday morning, the Crocker "B" team defeated Our Lady of Perpetual Help, 17-8, and the Jefferson "B's" out-pointed Woodrow Wilson, 12-9. Crocker's Eddy Housler was high man, with 8.

Our Lady of Perpetual Help and Crocker are tied for first place in the "A" league with two wins each, and the Crocker "B's" are leading the "B" series with four wins and no losses. O.L.P.H. is runner-up, with two wins and one loss.

IT'S RED CROSS TIME!

The Red Cross reaches into every community in San Mateo county. It is made up of the people who live in those communities. They carry on its services of health, safety, disaster relief. They remain the constant friend and counsellor of the man in uniform and the veteran. They bring cheer and comfort to their less fortunate comrades who may be bedfast or blinded or permanently maimed. These same Red Cross stalwarts rush aid to the injured and the homeless — their neighbors — in times of catastrophe.

NEWS FROM THE SCHOOLS

WOODROW WILSON

The students of the seventh grade are studying the first civilization found in Europe, that of Greece. This early civilization is in the region of the Mediterranean, and the students are building a geographic background of this early country. Maps are being made with names never studied before, and we are showing interest in this country, "knee deep in the Mediterranean."

The students of the high sixth and low seventh grades are studying the Hawaiian Islands. They are learning many Hawaiian songs and a few Hawaiian words.

The low sixth is studying South America now. We have just finished the story of Pizarro, the man who conquered Peru.

The high fifth received some new history books this week. Their title is "My Country." They have many pictures in them showing how the Indians lived. The books also tell us about the early explorers. We will use these books all of the term because they tell about the development of our country from the time when only Indians lived here, to World War II.

The fifth grade boys and girls are very interested in studying about their own country. We have some lovely new books called "My Country." These new books tell the story of our nation's growth and are beautifully illustrated.

The boys and girls of the high fourth are beginning their study of our southern good neighbor, Mexico. Location, climate and topography are being discussed and learned. The colorful history has awakened interest in Mexico's Aztec Indians.

The low fourth drew pictures of the Bear Flag of California. This was done as part of the unit on "Early California." They had read about the forming of the Bear Flag Republic in 1946 and enjoyed drawing the pictures of what is now our state flag.

The pupils of the high third have been studying where coffee is grown in the world. They have drawn on a map of the world the main coffee producing areas. They have also learned that the Valley of the Amazon in Brazil is one of our closest coffee producing neighbors.

The boys and girls of the low and high third are studying dairy products. They are looking forward to an interesting trip to a dairy where they will see how milk and its products are protected, tested, and delivered to the people in large cities.

CROCKER

Room 2

The students of the L5 and H5 welcomed Virginia King to their class last week.

Room 3

We are very happy to see Sandra Capetanice back at school. She has been very ill with the flu.

Room 5

Edward Haussler, David Martinez and Edward Christianson, all in the H7, were among those who played Perpetual Help in a fast basketball game at Jefferson last Saturday. The Crocker junior varsity won the first game with a score of 28-9. Perpetual Help came out ahead with a score of 32-26 on the second game. The Crocker P.T.A. has supplied the team with new jerseys—green and white.

Charles Chambers spent last Friday at Longbarn as a member of a Y.M.C.A. snow party. The group enjoyed a variety of winter sports — tobogganing, skiing and sledding.

Bob Golobic Wins Second Place In Lincoln Contest

Winner of second place in the elementary school Lincoln Essay contest sponsored by Arthur J. Bodien was Bob Golobic, a high seventh grade student at Jefferson School.

His winning essay, entitled "Abraham Lincoln," is reprinted below.

"Abe Lincoln was born in the backwoods of Kentucky. His mother died when he was very young, but this did not hold his courage at a standstill. He was courageous, honest, brilliant, and strong in voice. Lincoln wanted to learn something about his country so he could love it, defend it, and serve it with all his might.

"In his later years he was a lawyer and fought against slavery. He found many who opposed both him and his party who was also against the South for they were the ones who wanted slavery. This rivalry brought on the secession of the nation and the war between the North and South was a bitter battle for loved ones were fighting loved ones. Lincoln lost many a friend in this encounter, but he was determined to have the North win the war and stop slavery forever! On November 19, 1863 Lincoln made his famous speech at Gettysburg which was given in tribute to the dead to both the North, and South, wiill always be remembered as the type of man he was and what he stood for. After this four year war, four million slaves were declared free men. The tired nation lay down its arms and five days later the flag of the United States was fying over Fort Sumter the first place fired upon by the South.

"That evening Lincoln accompanied by his wife Mary Todd Lincoln, and several friends attended a play at Ford's Theater. They were so absorbed in the play that they did not see the door open. A man stepped in quietly, and fired at Lincoln quickly. The nation's leader slumped in his chair. The following morning Abraham Lincoln died. The whole nation mourned this great man's passing as no one was mourned before."

Newlywed Couple Will Be Feted At Dinner Saturday

Mr. and Mrs. Emil Bonzani, who returned recently from a honeymoon in southern California and Mexico, will be feted Saturday night at a "welcome home" dinner party to be given by the bride's uncle and aunt, Mr. and Mrs. F. Gregori of Station avenue.

The bride, the former Vickie Pantaleoni of Burlingame, is the daughter of Vic Pantaleoni, former Dodge distributor of Colma. The young couple were married February 8 at St. Catherine's Church in Burlingame. They will make their home in Lomita Park.

At a recent miscellaneous bridal shower given for Vickie by Mrs. Gregori and several other aunts, 45 guests were present to deliver felicitations to the bride. A large sheet cake made by Harry's Past Shop in Colma centered the r freshment table. Green and yello decorations, which colors were r peated in Vickie's attendant gowns, were predominant.

Preparing Water Fowl

In cooking wild water fowl a l tle special attention will help sure a much more tasty dish. preparing a bird for cooking it well to remember that an old bird has less tender meat and best cooked with moist heat wi only a moderate amount of seaso ing, while tender meat is cook with dry heat. Seasonings used clude onions, tomatoes, garlic, le on, marjoram, thyme, cloves or ch powder.

Battery Longevity Doubled

Engineers report that the ave age life of the battery, which ha 250 different electrical applications has been doubled in the last 2 years.

Here's one place where
COMFORT SETS THE STYLE

1. This gadget was the latest thing in headsets when grandmother was a girl. Matter of fact, it was the first headset in general use back in 1880. It weighed more than six pounds. It's a museum piece now, of course. Headset styles changed. They grew lighter, more comfortable, more efficient.

2. This chest-style model came along after many modifications of the old timer. Telephone engineers liked its voice "pick-up." Operators liked its lightness and the freedom of movement it gave. As transmitters became better, central offices became quieter and more pleasant places.

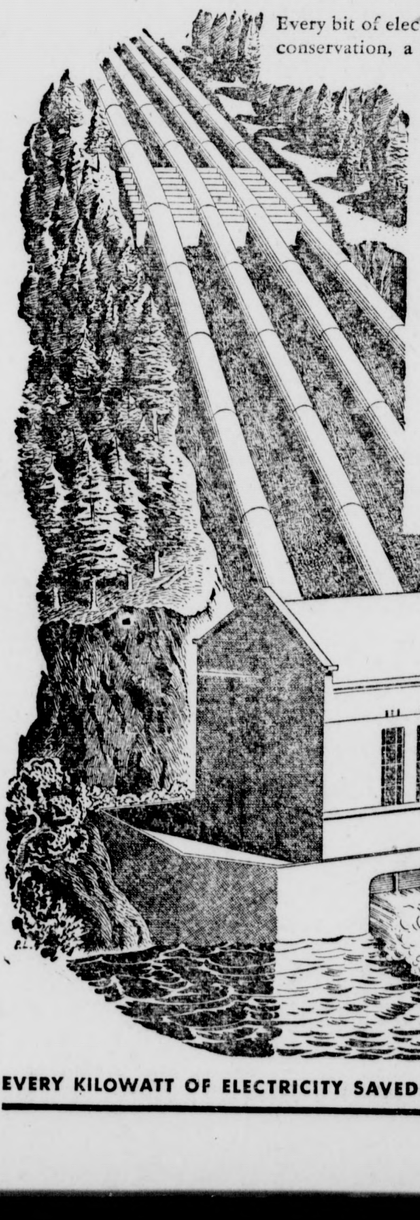
3. Today's newest streamlined set is tops for comfort, say operators who've used it. It weighs under six ounces. It's an example of how we're making equipment more comfortable . . . to make the company the sort of place that attracts the kind of people who make good service possible.

4. Here's why telephone jobs are good jobs: Pay is good – employees paid while training • Regular raises, overtime and premium pay • Steady work – telephone people can plan ahead • Benefit plan paid for entirely by company – covers sickness, death benefits and pensions • Advancement within company • Paid vacations and holidays.

The Pacific Telephone and Telegraph Company

More than 70,000 people working together to furnish ever-better telephone service to the West

HOW HOME USERS
CAN SAVE THE OUTPUT OF
A BIG POWERHOUSE
(90,000 kilowatts)



Every bit of electricity saved reduces power output and helps water conservation, a vital need in drought-stricken California today.

A small amount of electric current saved in one home becomes a big saving when multiplied in thousands of other homes throughout Northern and Central California.

HERE IS HOW IT CAN BE DONE

If tonight in every home just one light bulb of 100 watts were turned off and left off, then more than 90,000 kilowatts of electricity would be saved.

This 90,000 kilowatts saved (especially during the peak load between 4 and 8 p. m.) would add up to the output of a BIG electric powerhouse.

Why not start a "Save 100 watts" program in your home tonight? Practice this and all other possible conservation measures until the drought and power emergencies are over.
